

**FOR OUR OWN STAFF AND OFFICERS – INTERNATIONAL TRADE FAIRS & TRAININGS**

**INTERNATIONAL TRADE FAIRS**

Officers of Kuysen regularly travel to exhibitions and seminars in search of appropriate products that could find relevance in the local construction industry. This is in keeping with our slogan and serious commitment to inspire creativity & deliver solutions.

**REGULAR TRAININGS**

Training at Kuysen begins with company officers and staff attending periodic technical training on the brands and products we represent at Kuysen. We believe that an intimate knowledge of our products by the Kuysen team ensures the customers of sound product recommendations and advice. We further boost the confidence of clients on our after-sales service with a technical crew who undergo rigorous product seminars with clockwork regularity.
