

Beautyrest NextGen 200 Pillow

DETAILS:

Origin: Italy

The only pillow with Pocketed Coil and Memory Foam. Simmons® Beautyrest® NextGen Pillow comprises of the winning combination of the comfort and conformability of memory foam and the support and durability that only pocketed coil springs can provide. It also provides relief to pressure points especially to neck and shoulder muscles.

Product Code: NXP002000300

Size: 40 x 68cm

Firmness: Medium

Ideal Spinal Alignment

Designed to suit back, side or stomach (front/forward) sleepers as the vary degree of firmness keeps one to stay comfortably cradled in whatever the sleeping position is.

Soft & Plump

Need not puff up your pillow to enjoy the plump and softness of the pillow.

Instant Adaptability

Natural spinal alignment for a deserved ache-free sleep.

Memory Foam

The use of memory foam means the pillow is able to mould the head shape to reduce pressure point and is heat sensitive, thus able to react to heat and pressure, making your sleep more comfortable.

Active Contour

The 60 individually-wrapped pocketed coils react independently and are able to adapt to any head shape, weight and movement.

Controlled MicroClimate

Air pockets inside each pillow is about 12 litres (2.96 gallons). When pressure is applied, air flow out releasing heat and moisture. The outward air flow helps maintain comfortable air climate.

Certified Ergonomic

Tested and certified for its ergonomic properties with reference to proper spine and neck alignment for different body structures and various sleeping positions.

Non-Allergenic

Non-allergenic and bacteria-free materials and fabric.
