SteakMaster oven

WELCOME **MEAT LOVERS**

The first and only oven capable of cooking a perfect steak at home is here.

High temperatures that reach up to 700°C, along with the cast iron grid will give your meat cuts a unique grill flavour in just a few minutes.

Choose to cook manually to manage every step and how you would like your steak cooked, or simply select one of its 20 automatic programs: SteakMaster is designed to temper the meat, keep it juicy, and seal the cut, recreating the heat process of a professional grill.

Additionally, the SteakMaster is a pyrolytic multifunction oven capable of cooking all the recipes you want.

700 °C

Temperature

Grill that reaches up to 700°C for a perfect finish.

20

Automatic Programs

20 automatic programs, special for each meat cut.

Cast Iron Grid

The perfect grill for meat at its best.

Pyrolytic Oven

Hygiene with the power of heat.

MaestroPizza oven

BECOME **A PIZZA LEGEND**

The perfect oven to cook an authentic Neapolitan pizza at home has arrived, and it reaches up to 340°C in the cavity for an epic result.

The combination of high temperature and cooking speed, along with the pizza stone, results on a crunchy crust and savouring ingredients. With MaestroPizza you'll be able to prepare 10 pizzas in only 30 minutes, getting always the same result: perfect.

Besides, MaestroPizza is a last generation multifunction oven, with dual cleaning system: Pyrolysis and HydroClean.

Temperature

The perfect temperature to cook pizza with epic results.

Pizza Stone

For a crunchy finish, as in a wood oven.

Speed

Your pizza ready in only 3 minutes.

Pizza Peel

Everything you need to cook like a real chef.

NOVELTY

AirFry oven

CRUNCHY. HEALTHY. **OIL FREE!**

This multifunction oven's special AirFry function gets an oil-free crunchy finish, offering pleasure without guilt.

The AirFry function, along with the oven's FryMaster Box and its SurroundTemp technology, which distributes the heat evenly through the cavity, will give you the crunchy finish that you love, without the need to turn the food over, or using oil.

All of this in a multifunction oven, capable of preparing any recipes you want, with a 70 net litres capacity, more than +30% compared to other ovens*.

AirFry function

Special AirFry function for oil-free crunchy finish.

FryMaster Box

Die cut tray that allows an even heat circulation, without turning over the food.

Surroundtemp

An additional rear electrical resistance distributes the heat evenly through the cavity.

Oil-free

Ideal for French fries, nuggets and chicken wings.

Cook from **your sofa**

WELCOME TO **INTELLIGENT COOKING.**

This oven connects to your mobile phone through enabling you to cook from wherever you want.

Voice control

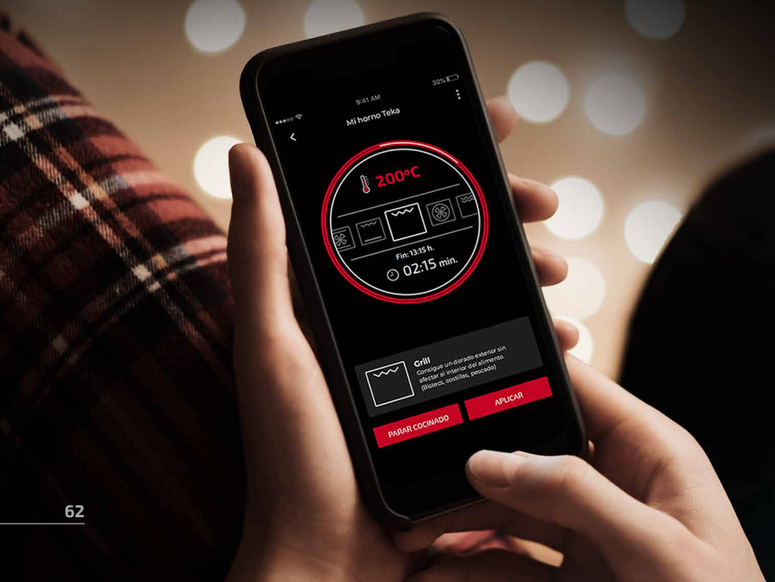

Cook by voice with the help of Alexa®

Remote control

Control and manage your oven from your mobile phone.

Teka Home App

Discover all the different features on the Teka Home App.

Our ovens are designed to **adapt to your lifestyle**

Discover all the possibilities available to suit your needs, whatever they are, with our oven's varied and practical features.

Try steam cooking for the healthiest diet.
Keep your food's nutrients, while maintaining the purest flavours and textures.

Steamer Oven

Cook the healthiest dishes with our Steamer ovens. Following very simple steps, your steam cooked meals will quickly be ready, delivering the highest nutrients and flavour preservation, and the lowest fat.

Combi Steamer Oven

Our Combi Steamer ovens combine the best of two worlds.

Prepare healthy steam cooked dishes to preserve all the flavour, vitamins and minerals of the food, with a multifunction oven also capable of cooking any recipe you want the traditional way. Give up on nothing.

SteamBox

The SteamBox turns your oven into a steam one.

Your food will keep all nutrients, vitamins and minerals without any oil, preserving flavour, texture and original aroma. You can cook with water or even wine for a tasty touch, but always with the healthiest results.

Find all the features and tools you need for professional results, at your reach.

SurroundTemp

This technology guarantees an even distribution of the heat, even when cooking at different levels, thanks to an additional rear electrical resistance, along with the internal ventilation.

MeatProbe

Precise cooking point from the inside of every piece of food. You will get the right texture you are looking for in your dishes through a complete control of the cooking temperature. Perfect for meat, poultry and fish.

Automatic programs

Take advantage of the pre-defined programs, designed to consistetly deliver perfect results, for up to 50 international recipes*.

* Depending on the model.

Save your time for the really important things

Deciding and cooking your next meal will bring nothing but pleasure to you, as the after cleaning will be solved by your oven.

Hang up the cleaning gloves and enjoy your delicious meal without a single worry. Choose your favourite cleaning system and make your life easier.

Pyrolitic

The oven heats up to a very high temperature (almost 500ºC), leaving only a thin layer of ash that can be easily wiped with a cloth once the oven is cooled. Forget about spending time with unhealthy products to keep the oven clean and ready for every use.

HydroClean

When the water reaches high temperatures (steam), it softens the grease adhered to the walls of the oven, and when it cools down it allows to clean the oven easily, without effort. 90ºc + 4' heating + 20' cooling down. Automatic or Manual versions available.

Full Detachable doors for easy cleaning

Safety is one of our main goals, and because of that our ovens have up to 4 door glasses (CoolTouch system). And yes, we also know how hard it can be to clean a grease stain in the third glass. So we have created an easy access system. Just push the side of the door panel and you will find the way into each glass for a complete cleaning.

Safety first

In Teka we know that, even with the comfort and convenience that our products bring into your life, safety comes first for you and your family.

For us, safety is non-negotiable as well, and we provide with several options to take care of you and your loved ones.

Door lock

Block the door for as long as you need, for maximum safety. This safety system is available in all pyrolytic ovens.

Child lock

Block the control panel to keep the oven functioning on check.

SoftClose

Say goodbye to annoying noises thanks to the soft open and close door of the oven. An extra of durability and security (your fingers will be happy about it too).

Cool front

We go beyond regulation with the minimal door temperature thanks to up to 4 removable glasses on door.

Always delivering **comfort and convenience**

From cooking several meals at once, to having the safest and fullest access to check on your recipes whenever you like.

Never miss convenience and the most thoughtful features for you to choose from.

Chromed supports with 5 cooking levels:

Cook several meals at once with up to 5 cooking levels within your oven. Save time and energy, without compromising great results every time.

Full extension telescopic guides

Smoother running, full precision and total extraction with the new Full extension telescopic guides. 100% of the tray is extracted to make easier the access to your recipes.

Plus Extension telescopic guides

Up to 75% of extraction of the tray for a superior comfort and adaptability.

Extra Capacity ovens, up to 76 litres:

The up to 76 litres of capacity on our ovens will turn you into the best dinner host for the whole family. Invite them all over and let your oven do the cooking for you.
