SILK SPRAY

Imagine a spray as soft as silk caressing your skin. With the sensation of a light summer rain, the new NIKLES SILK shower allows you to feel relaxed and rejuvenated.

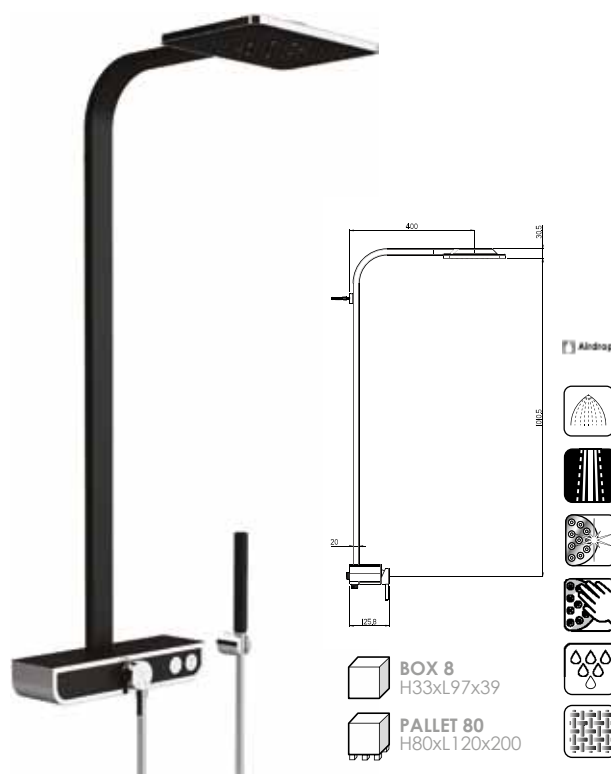

Avoiding limescale buildup in the shower head keeps the system working at maximum efficiency.

NIKLESMATIC WITH 6 MAIN FUNCTION CONTROL
 NIKLESMATIC MIT 6 STEUERUNGSFUNKTIONEN
 NIKLESMATIC AVEC 6 FONCTIONS DE CONTROLE
 NIKLESMATIC CON 6 FUNZIONI DI CONTROLLO

The Niklesmatic touch program has 3 management levels:

Level 1: User interface for function control

Level 2: Administrator interface to adjust the end user functions. Simply hold 10 the home button for 10 seconds to access. The administrator menu allows customizations and factory resets.

Level 3: Installer interface is only accessible by the factory for programming the internal parameters and adaptations to any changes.

Six major user functions:

Water and Devices

Flow rate and temperature adjustment with touch buttons.
 3 Way diverter: hand hower, shower head and optional

Color therapy

Autoplay the color spectrum of your LED shower head or select manually your favorite color.

Radio

Auto Selector with auto search frequency.
 Functions Play / Pause and volume control.

Music player with Bluetooth® wireless connection

Select a song or scroll through the pages with intuitive controls.
 The player automatically pauses on incoming phone calls.

Telephone Bluetooth® wireless connection

Select a number from your contact list or dial manually the phone number.
 Accept or decline any incoming calls.

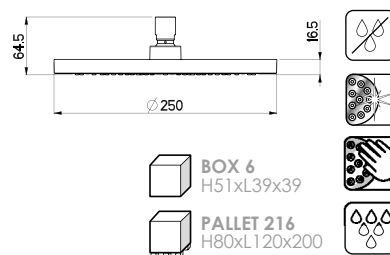

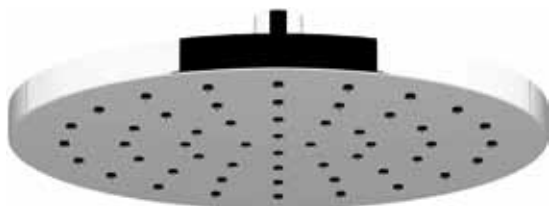

User Profiles

Set your own!

LUCE

The story behind the shower head Luce is simply and amazing at the same time. During a walk in the streets of a small Italian village, a ball shaped lamp post has set the inspiration. It was a special moment, the light and atmosphere has been unique. So why don't do a unique shower? The idea of a ball shaped and illuminated shower has been born and the process of designing has started. The outcome of this walk is an amazing shower. One which is a perfect mix of a unique design, pleasant water flow and soothing light. **Luce, the shower head with the Italian flair for your bath.**

Nikles introduces the Single Lever Shower system - an integrated single lever mixer with a ceramic disc cartridge. With the ergonomic control handle, you control your suitable water temperature.

With the intelligent built-in diverter, you can choose to use either the shower head or the hand shower or both together in a mix position.

Nikles Single Lever Mixers were designed with safety in mind, featuring a brass body with ABS chrome plated double outer shell - seamless and safe. Nikles single lever mixers stand for contemporary design. Apart from technical advantages, Nikles single lever shower systems make an aesthetic statement.

EASY SELECTOR

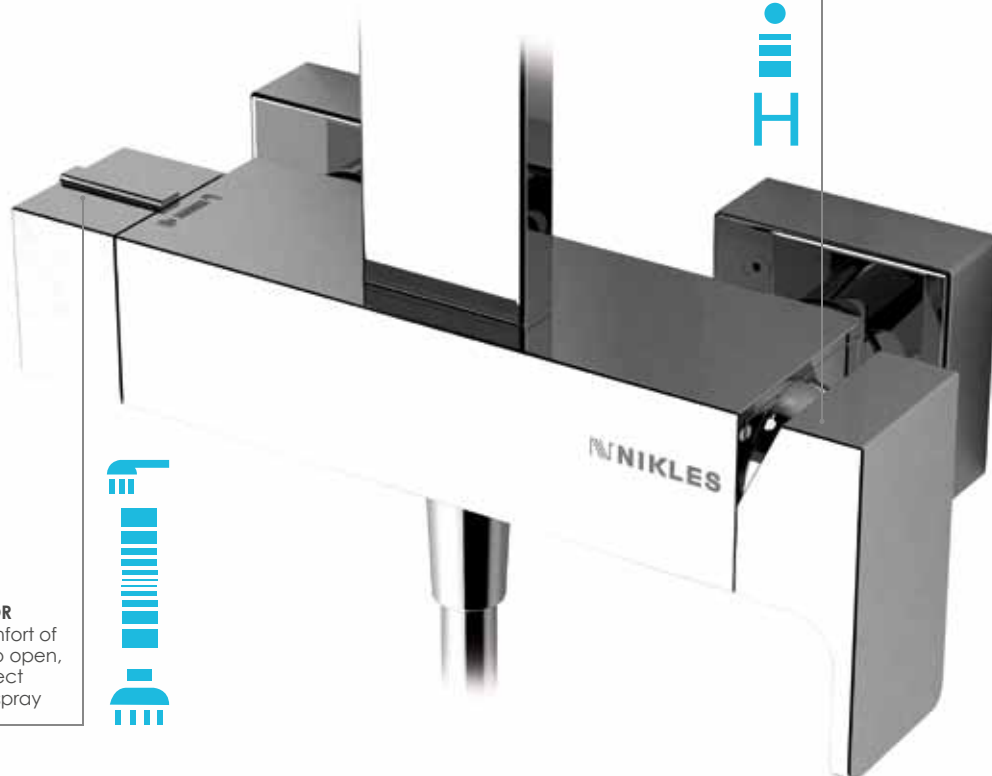

Enjoy the comfort of one handle to open, close and select your favorite spray

C
H

SINGLE LEVER MIXER

With the ergonomic control handle you control your suitable water temperature.

PURE

TECHNO

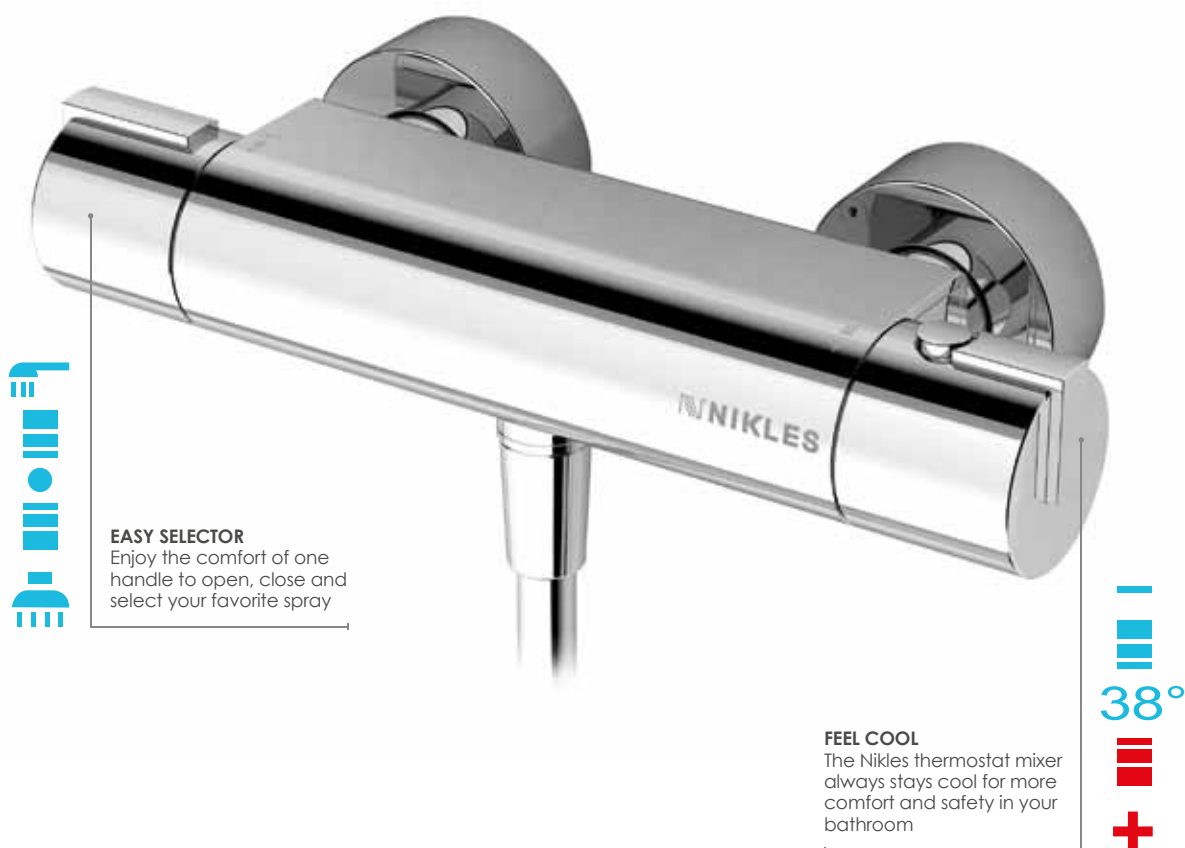

Nikles introduces Nikles Therm System - an integrated thermostatic mixer with intelligent technology at its core. You choose the right temperature with the ergonomic control knob and you also operate the showerhead and the handshower.

Nikles Therm System is designed with safety in mind. A thermostatic valve controls the temperature accurately and cuts water flow at maximum of 38°C - unless you manually override this by pushing a safety button. A feel cool double

shell system always keeps the outer shell of the shower rail at a comfortable temperature.

Besides the technical features, the Nikles Therm System is good looking and easy way to integrate a showerhead and handshower into your bathroom. In addition to advanced technology, the Nikles Therm System features a consequent design and blends perfectly.

SILK SPRAY

SILK SPRAY

Imagine a spray as soft as silk caressing your skin. With the sensation of a light summer rain, the new NIKLES SILK shower allows you to feel relaxed and rejuvenated. Avoiding limescale buildup in the shower head keeps the system working at maximum efficiency.

DROPLESS

DROPLESS SYSTEM

After shutting off the water in our Dropless system, the water remaining completely drains from the shower head. This enables the system to avoid bacteria build up within the shower head. The quick removal of all remaining water reduces the possibility of limescale buildup inside the shower head and nozzles.

Airdrop®

AIRDROP SYSTEM

Experience a gentle, uplifting feeling that envelopes the body. Delivering a rejuvenating spray that is soft and gentle on the skin. Airdrop showers operate quietly and save water at the same time. All showers are also available without Airdrop system, except our Pure range.

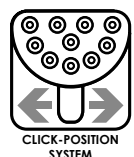

BOOSTER MASSAGE

NIKLES BOOSTER TECHNOLOGY

Switch to wellness! Enjoy the powerful massaging shower spray that exhilarates the body and awakens the senses. NIKLES booster technology creates the sensation of a full shower regardless of the water pressure.

**HANDSHOWER ECOCOMFORT**

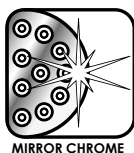

Save water without compromising shower comfort. The highly efficient 6 liters per minute showers not only reward you with a good ecological conscience but also with a shower experience without compromise.

CLICK-POSITION SYSTEM

CLICK-POSITION-SYSTEM

All NIKLES multifunction showers feature the convenient click mechanism. You feel and hear the click when changing the function of the shower sprays.

MIRROR CHROME

MIRROR CHROME

Super polished - mirror like surface? Our state of the art chrome plating technology produces mirror like surfaces. The resulting ultra smooth surface prevents the buildup of lime and residues on the NIKLES shower systems.

EASY TO CLEAN

EASY TO CLEAN

Swipe away residues with a flick of your finger.

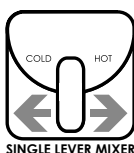

THERMO INSULATION

THERMO INSULATION

Insulated shower systems prevent scalding and prevent accumulation of residues. This saves you much cleaning time and the use of harsh chemicals.

**AUTO ON/OFF**

Rainlight / Rainbow lights switch on automatically, when you turn on the water. Lights continue for two minutes after you shut off the NIKLES Rainlight showers. An extra bit of quality time.

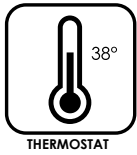

SINGLE LEVER MIXER

SINGLE LEVER MIXER

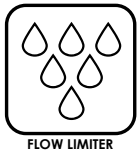

Nikles single lever mixers enable you to adjust the water temperature to your liking. The mixers also feature the Nikles cool touch function for your safety. The internal mixer body is made of brass and the outer body cover is made of ABS to prevent scalding.

**CLICK POSITION**

The new Nikles push-button system makes it easy to switch from a soothing soft shower spray to a pulsating massage spray. Enjoy an exhilarating shower at any water pressure.

**THERMOSTAT**

Nikles thermostatic mixers are made for your comfort. The high quality thermostatic cartridge is preset at an enjoyable and save 38° Celsius. It includes anti - scalding protection for your safety.

**FLOW LIMITER**

Nikles flow limiters are saving water and energy without losing the comfort of a full shower spray. All flow limiters comply with water regulations and each one is tested during manufacturing to assure performance. Nikles flow limiters are ecologically sound. Available from 4lt/min to 16 lt/min.

**LIGHT**

The Nikles Light cartridge illuminates the shower spray in a ray of soothing colors as soon as you turn on the water. No electrical connection is needed to power Nikles Light because our patented cartridge system uses hydropower energy. The Nikles Light completes your relaxing shower experience.

**SOUND**

Nikles Sound plays your favorite music and simply connects your phone to your shower head. The revolutionary Nikles Sound cartridge with a high performance loudspeaker and a microphone connects via Bluetooth® to any enabled and paired device including your smartphone. The Nikles turbine generates the power required for operating the device. No need for batteries or removing or recharging by connection to the mains power. Use your shower and Nikles Sound recharges automatically and reliably.

**CASCADE SHOWER**

Experience a truly rejuvenating shower with the Nikles cascade showers. Feel the water purling on your body and relax from the daily stress.

**HOSES**

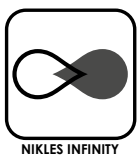

Nikles shower hoses not only transport water from the faucet to the shower, but also include smart technologies such as the possibility to add flow limiters or check valves. The standard G1/2 connection enables easy installations and the swiveled nut provides a longer product life. The Easy-to-Clean technology of the hose surface is an additional advantage. Nikles shower hoses are available in different lengths and in anti-bacterial material complying with German norm DVGW W270.

**CHECK VALVE**

The Nikles check valve prevent water back flow from showers, faucets or shower hoses. These one way directional valves are for more safety.

**ELECTRONICS**

Nikles electronic faucets are an easy and intuitive way to control your shower functions. The three-way diverter system allows switching easily the functions. The automatic temperature control function allows you to adjust the water temperature continuously. Our concealed electronic faucet features push button or touch panel functionality for your convenience.

**NIKLES INFINITY**

Nikles with its Infinity range has achieved the ideal combination of organic, timeless design and ergonomic forms for ultimate comfort. The range of Infinity products allow you to match the shower to your bathroom.

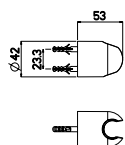

**NIKLES CARBON**

Carbon fiber, best known from lightweight design & construction, now comes into your shower. Nikles is the first shower manufacturer to use this material in its shower range. Carbon fiber is ultra resistant, durable and easy to clean. The smooth surface prevents fingerprints and residues.

Nikles Inter AG

Arlesheimerstrasse 5 | CH-4147 Aesch / Basel - Switzerland

Phone +41 61 726 88 66 - Fax +41 61 726 88 69 - info@nikles.com - www.nikles.com

Nikles Group is one of the leading shower equipment manufacturers and suppliers. Nikles is a Swiss family owned corporation, which was founded in 1982 by today's president Mr. Gerhard Nikles.

To date, Nikles remains a 100% family owned business with sales organizations in Switzerland, Italy, USA, China, Thailand, Australia and New Zealand as well as in Germany.

We manufacture quality products that are sustainable and durable. Our main distribution and production centers for our Nikles products are located in Italy and China.

Our clients all around the world, such as up-market manufacturers and leading retailers are sourcing hand showers, shower heads, slide bars, shower systems and kitchen sprays from us, as well as flow limiters and check valves.

Nikles consistently re-invests profit largely back into research and development, resulting in a continuous stream of new products and technologies. We are committed to maintain and to expand our position as a technology partner.

Nikles prides itself to be one of the first to provide products that are trendsetting and state of the art design.

Nikles your partner for showers.

As a designer, creator and manufacturer of Shower products it is our core purpose to offer to the consumer the right product with an attractive design, appropriate functionality and superior quality and thus contribute to the success of our clients and business partners.

Our success is built around a team of people with an extraordinary dedication to their professional standards. We believe in the mutual leverage of our business.

Our focus is the creation of products and implementation of strategies to exceed market expectations.

Our suppliers and customers trust in our proven commitment to excellent service and in our ability to offer effective solutions tailored to their needs.

Thanks to our platform based product portfolio we offer a maximum degree of tailor made solutions to our partners. Our manufacturing practices are geared to produce energy efficient showers in line with the company's philosophy to use resources carefully and respectfully. Nikles continuously invests in research and development of existing and emerging technologies to ensure that our customers always have access to the latest innovative products.

NIKLES WARRANTY

1. Nikles provides the following warranty for its products:
2. Duration of the warranty: The warranty extends to 5 years starting from date of purchase: If in this period the product should fail due to a manufacturing error or incorrect assembly, it will be repaired or exchanged free of charge. Nikles reserved the right to analyse the faulty part prior to any exchange.
3. Excluded from the warranty is damage resulting from incorrect handling, disassembly or local water circumstances. Also Nikles will reject claims due to:
 - 3.1. inappropriate cleaning methods, like boiling water, corrosive or aggressive chemicals or chemicals that contain softeners.
 - 3.2. All claims resulting from the disassembly of the shower.
 - 3.3. Claims resulting from the use in areas with excessively dirty or extremely hard water or maritime conditions or from areas with high pressures starting from 5 bar (500 kpa) before the tap
 - 3.4. incorrect handling (e.g. enforcing a spray pattern), neglect, inappropriate installation or accidents (e.g. drop)
 - 3.5. Nikles does not accept any cost from third parties in particular no costs from the replacement / installation of products.

The built in flow regulator must not be taken out. In case this has been done, the warranty will be void.

Operating pressure:

1-5 bar / (100 - 500kpa) / (14.504psi - 72.519psi)

Operating temperature:

42°C / 107.6°F

Maximum pressure:

Max. 5 bar / (500kpa) / (72.519psi)

Maximum Temperature:

Max. 60°C / 140°F
