A-80 LIPSTICK *art*

* Finish:

Sizes: 1/2x1/2, 1/2x3/8

A-80 valve is Arco's most iconic product in our history. We present the new A-80 Lipstick, with a slim design for chic installations. It maintains the 1/4 turn system, and it's manufactured with the VITAQ System inside to protect valves from limescale.

Launch date: autumn - winter 2017

More life, no lime.

*Colors shown on this leaflet are not definitive. Consult our Customer Service Department.
